Strengths

- Assets in the receivable pool appropriate to be securitized in terms of their low level of default probability
- Terms of receivables and disbursements paired to create an immune and liquid portfolio structure
- Lowered concentration risk through homogeneous and multitudinous profile of obligors in the receivable pool
- Perfect track record and redemption performance of the past 5 issues of ABSs since October, 2011
- Guaranteed amount by the originator maintained in the form of cash or Turkish government bonds in another bank
- Prepayment risks abated through a facility by the originator to replace the prepaid loans with identical ones
- Possible collection risk arising from the decease of the borrowers covered by life insurance policies

Overview

"Aktif Yatırım Bankası A.Ş. (6) No.lu Emek Varlık Finansman Fonu" (hereinafter referred as **Asset Finance Fund**, the **Fund** or **SPV**) is established for an infinite term by **Aktif Yatırım Bankası A.Ş. (Aktif Bank)** (the latest rating action by JCR-ER on May 31, 2012, denoting AA(Trk) Stable outlook in the Long Term National Scale) to issue asset-backed securities. As the first Turkish bank to issue bank bond, Aktif Bank has successfully arranged unsecured bond issuance cumulatively at the amount of **TRY7.4 bn** since 2009. The Bank has also realized 5 ABS issues of this type: in 7 tranches on October 20, 2011, in 8 tranches on January 27, 2012, in 10 tranches on May 2, 2012, in 15 tranches on September 28, 2012 and 17 tranches on February 15, 2013.

Approved asset amount of the **Fund** is TRY300 mn and its originator is **Aktif Yatırım Bankası A.Ş.**, trustee is **PTT** (The General Directorate of Post and Telegraph Organization) and obligors are individual pensioners of Social Security Institutions.

Planned to be issued in 17 separate maturity tranches by a **pay-through mechanism** and without any seniority thereamong, ABSs (asset-backed securities) shall be sold at a discount on the nominal values to local qualified investors or investors domiciled abroad by invitation or private placement without any public offering.

Constraints

- Continuing swell of volatility in fixed income securities and benchmark interest rates through persisting unpredictability in national and global market dynamics
- The securities to be issued still lacking ubiquity in Turkish financial markets – though being the 6th consecutive issue of identical structure
- Investor diversity impeded by symmetrical risk profiles across the tranches regarding absence of waterfall structures
