Key rating drivers, as strengths and constraints, are provided below.

### Strengths

- Strong financial standing with formidable profitability and operational performance,
- Improved capital base supported by subordinated loan,
- Maintenance of long-term maturity, low-cost and diversified deposit base,
- Consistently solid market position and influence in the Sector with dominant shares in core metrics,
- Policy and IT infrastructure supporting risk management processes and controls,
- Compliance in corporate governance policies,
- Competent and experienced senior management.

### Constraints

- Suppressed interest margins with respect to loans across the country, countered with concentration of Albanian government bills and bonds in securities portfolio,
- Volatile operating environment in addition to recession concern pressuring debt-service capabilities of the real sector and impaired loans & collections.

Considering the aforementioned points, the Bank's the Long-Term National Issuer Credit Rating has been affirmed as **'AAA (alb)'**. Taking into account systematically important position, reasonable profitability indicators, liquidity level, senior management's ability to manage the risks undertaken and growth projections as well as the possible negative effects of the fluctuations in macroeconomic environment on the Albanian banking sector; were the main inputs of the affirmation of BKT's outlooks as **'Stable'** in the long and short-term perspectives.
